Highlight of the Quarter
The highlight of this quarter was the Cemetery Resource Preservation Training (CRPT) activities that took place in our region. Two formal mini-CRPT trainings took place: one at the Florida Trust for Historic Preservation and the second with staff from the Miami-Dade Corrections & Rehabilitation Department. Each of these trainings had 15 participants. During the Florida Trust for Historic Preservation meeting, FPAN’s CRPT program was given an Outstanding Achievement in the Field of Preservation Education award. Presentations on the CRPT program were given at the Miami Dade Pioneers and Archaeology Society of Southern Florida meetings. Ms. Nohe also completed a mini-CRPT for elementary students at the Palm Beach County Academy. Assistance with cemetery preservation issues was provided for Miami-Dade County (regarding Lincoln Memorial Cemetery), City of Deerfield Beach (regarding an abandoned historic black cemetery), and the South Florida Council of the Boy Scouts of America (in response to issues at the Charlotte Jane Memorial Park). Finally, both Ms. Nohe and Ms. Timo gave presentations and participated in the CRPTc Conference in Deland.

Public Outreach

- Seven youth activities were completed in Broward, Miami-Dade and Palm Beach Counties for a total of 490 children and their guardians.
- FPAN booths were staffed at three public events including our annual Passport to the Past day with Gumbo Limbo Nature Center. An FPAN booth also was staffed during the entirety of the Florida Trust for Historic Preservation meetings in Miami.
- A final paleoethnobotany workshop was completed in collaboration with FAU’s Anthropology Department.
- In addition to the CRPT trainings noted above, Dr. Williams led an archaeology educator workshop for Florida State Park’s employees in the Middle Keys. The workshop included classroom work and a visit to the archaeology sites at Indian Key.
