Southwest Region- Quarterly Report  
October to December 2013

Melissa Timo, Outreach Coordinator  
Joey Belanger, Outreach Specialist  
Mary Buttrey, Administrative Assistant

Highlights:
The Southwest region is proud to announce the addition of four new educational venues to our partners list. Charlotte Academy (Port Charlotte), Caloosa Elementary (Cape Coral), The Village School (Naples), and two home school consortiums requested classroom visits this fall. Finding new partners has been difficult for the Southwest region, but Ms. Timo created new talks and activities to meet these educators’ requirements. Topics included historical archaeology/use of government records, Civil War archaeology, underwater archaeology, the archaeology of ancient civilizations, experimental archaeology, and the archaeology of the Calusa.
